THE

ANCHOR

1946

The story of school life of the Cardinals of Southport High School in Southport, Indiana, told in picture and paragraph form covering the events from September 1945 to June 1946.

The Setting for Our Story . . .

Perry Township High School, now commonly known as Southport, is a modern edifice styled after the main building at the College of William and Mary in Virginia.

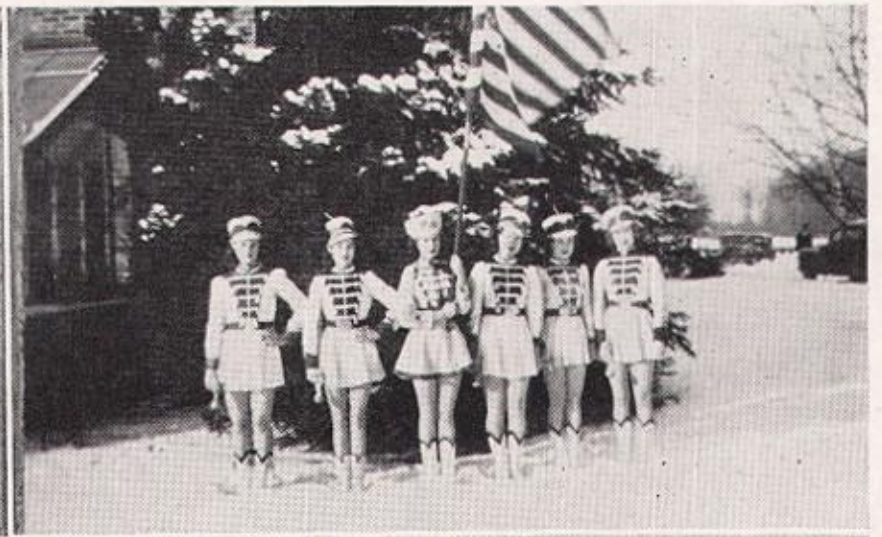

Mr. Leedy

We, as seniors, who, for the past four years have had the privilege of participating in the studies and activities of Southport High School, wish to dedicate this year's Anchor to one who has shown his willingness to serve, his ability to supervise, and his cooperation to the greatest extent in all of our activities.

Therefore, we wish to express our heartfelt gratitude and appreciation to the one and only C. C. Leedy.

Class Poem

Reminiscing

We came to school our freshman year
To launch upon a new career,
We faced our task with happy thought
To find the wisdom that we sought.

Through many days of grief and toil
We had to burn the midnight oil,
We learned our English, hist'ry, and math
And struggled up the knowledge path.

Those parties, pranks, and high school dances
Were colored by our school romances.
Of all the things that will be missed
Our sports and games will head the list.

Those joyous days that now are past
Have formed the bonds that always last.
We'll often recall them with a sigh,
And cherish the memories as years go by.

Seniors

Class History

One warm September day in forty-two,
We freshmen green, our grade school through
With vim and vigor, noise and pep,
Turned toward Southport our latent step.
In eagerness we joined the rest,
Each student putting forth his best.
To win the praise and share the blame,
That come to all who play the game.

The upperclassmen, grim and still,
Scoffed at us, as all classmen will,
Forgetting in their joyous spree,
That they were once as green as we.
As children after tawdry toys,
They sought the scalps of all our boys,
And he who ventured out too late
Returned next day with barren pate.

Next year as sophomores we came back,
Trodding again the well-known track.
With history books we joined in campaigns,
And fought through snows and blinding rains;
And on those battle grounds so famed and fair,
Left not a sophomore standing there.

We struck at math with all our might;
With pens and rulers did we fight,
And when we finished geometry
It was plain to us as A.B.C.
Tonges and Junken we do recall
Right bravely tackled basketball;
And by their calm, industrious ways,
Won oceans of respect and praise.

As juniors, we were quick and keen,
Our pranks were many, though unseen,
Financial worries clogged our minds,
Along about reception time.
Old April found us well in line,
With notions that were new and fine.
And our reception, so we were told,
Was worth its cost of work and gold.

But now our fourth year's dawned at last;
Our days of curt rebuffs are past.
Our minds are filled with feverish plans
To be brought out by willing hands.
We'll not complain, though hard the task,
To graduate is all we ask,
And hold, in days that are to be,
A place in each one's memory.

A Junior's Impressions

One bright and shining morning,
A day I well remember,
I started off to high school,
'Twas the seventh of September.

My heart was all a-flutter
On this bright and shining day,
'Twas more than I could stutter
In the good ole' Southport way.

They laughed and called me freshie,
They jeered and called me green
I thought "Some day I'll grow up"
And *then* just watch me preen!

And hence on to a sophomore
The next year I became
"I'm growing up," I gloated,
But I found it just the same.

For the juniors and the seniors
Were always there to tease,
They didn't seem to notice
The Freshmen, if you please.

My day has finally come, now
I'm a junior, proud and strong,
Not just an underclassman
Or of the common throng.

I like the juniors best of all,
They seem right in the "know,"
And that's the point in high school,
That's why I love it so.

Sophomore Chronicle

When, after strife
Which illustrates life
In the Freshman Class, we emerge,
We're prouder than any
One of the many
Who lived through the Senior purge.
For we haven't as yet
Lived to regret
The fact that we aren't the top,
And we bathe in the sun,
(When the year's first begun)
Of being a young Sophomore fool.
But, after a while,
We think with a smile
How fortunate we would be
If only we were
Just up as "fur"
As the Juniors happen to be.
Time keeps on flying,
And Sophomores start crying
To leave their unhonored mass,
So we bid fond farewell,
And stumble pell-mell,
To be in the Upper Class.

Class Poem

"We Freshmen's Troubles"

Who said we Freshmen are never busy?
English and Guidance to make us dizzy—
Love in flower, and that is a part,
For "Cupid" can re-al-ly throw that dart.

Monday's a dance, and Tuesday's a test;
Wednesday's the tournament to decide who is best,
Thursday's the date, and Friday's the game—
Now, to whom do you think belongs the blame?

Surely not us, we innocent things,
For those ol' Seniors act like their kings—
And to Sophomores and Juniors, vassels are we.
We may be dumb but not blind to see!!

Managers

Our Student Managers performed their various duties this year with great efficiency and a fine spirit. Theirs' is a difficult and sometimes tiring job, but they have come through with flying colors. Although many of us often fail to realize it, much of the success of our athletic teams depends upon these faithful lads.

The managers are appointed by the coaches with approval of the principal, and must serve in all sports. A letter is given for one years' service in all sports.

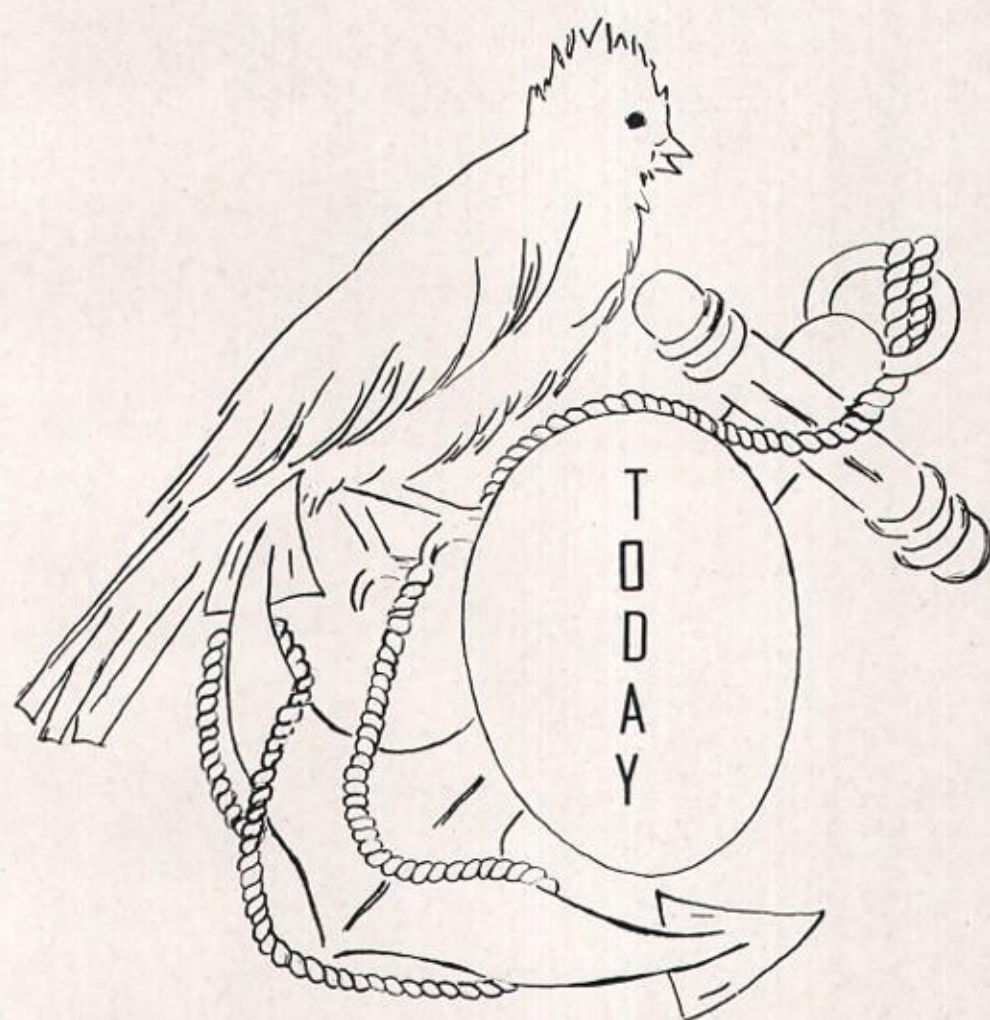

During the football season they are responsible for limeing the football field, and checking all football equipment. Basketball, baseball, wrestling and track are carried on in the same manner as football. A manager is admitted to all athletic contests free and travels with the team on road trips.

Anchor Staff

The Anchor Staff is composed of those seniors who are chosen by the faculty as representatives of their class.

We have tried in this book to show a true picture of our school life this year.

We wish to express our appreciation to Mrs. Majors for her patience and efforts in helping us to compile as good a book as possible.

Due to post-war restrictions and our limited finances, we have not been able to do all the things we would like to have done, but we hope it will be satisfactory.
